WWW.LORENSPOOPERSCOOPER.COM

Dear Pet Owners:

- **LOREN'S POOPER-SCOOPER SERVICE** is now able to **ELIMINATE** your pet odors. This spray is made especially for dogs and other pets. It's nontoxic, nonirritating (even to mucous membranes), noncarcinogenic, and biodegradable. It uses no enzymes, bacteria, oxidizers, and olfactory desensitizers. It uses bonding (chemisorptions), counteraction, and absorption.
- This spray eliminates new and old, impregnated pet and urine odors from cages, runs, tables, walls, and outdoor areas. It is applied using a pump and hose-end sprayer that creates a mild, fresh "out-of-doors" odor which lasts about 1 to 2 days. This spray reactivates after application to combat & prevent odors. This stuff really works!
- This spray will vary on how long it will last; depending on the amount of pets and the material it is used on. Rain will dilute chemicals. Spray lasts about 4 weeks before reapplication may be required.
- We charge \$2.10 per ounce. This includes the chemical and spraying. If you are receiving service on a regular basis the price per ounce is \$1.90.
- We also have a germicide spray that we use on our equipment that can be sprayed on yards, runs, cages, etc. This germicide is used to kill all types of germs and viruses, from Parvo to Aids. This spray is \$1.75 per ounce or \$1.50 per ounce. Special rates may apply if purchasing more than 1 gallon.
- A minimum of \$10.00 is charged for spraying unless other arrangements are made.
- For more information please call **293-2399**.
